1. CALL TO ORDER

The meeting was called to order at 5:37 p.m. by M. Tourigny, who acted as Chair.

2. APPROVAL OF AGENDA AND CONSENT AGENDA

MOTION: THAT the VCC Board of Governors approve the agenda and approve/acknowledge receipt of the following items on the consent agenda:

> **2.1** DRAFT Minutes – Jun 27, 2018 Public Board Meeting
> **2.2** News & Events
> **2.3** VCCFA Report

Moved, Seconded & CARRIED (Unanimously)

3. CHAIR'S REMARKS

M. Tourigny:

- Welcomed the 5 newly appointed board members: Joey Hartman, Nadia Belokopitov, (Terms End: Dec 31, 2020) Libby Davies, Mahin Rashid and Shobha Rajagopalan (Terms End: Dec 31, 2019).
- Priority business is to elect a Board Chair, Vice Chair and fill vacancies on Standing Committees. The Board are holding a Special meeting on Oct 3, 2018 for this purpose. The outcome will be communicated on VCC's public website and through the VCC Digest Newsletter for employees.

4. PRESIDENT'S REMARKS

P. Nunoda:

- Highlighted upcoming Campus Master Plan Ideas Fair that will provide information and ask for feedback on the project from the community. Oct 9 (Broadway) & Oct 10 (Downtown).
- Announced a series of roadshows, where he will meet will all departments and discuss the development of the new Strategic Innovation Plan.

5. ACTION TRACKER

1.	Management create a framework for international student experience evaluations and advise the Board.	Management	Pending	No update.
2.	Dean, Student Development will report on the plan for the Assessment Centre.	Dean Shin	Complete	See agenda item 12. Portfolio Presentation

6. CONSTITUENCY GROUP UPDATES

6.1 CUPE Local 4627

- C. Joyce welcomed new Board members and introduced CUPE Local 4627.
- The Assessment Centre operations continue to be a concern. There are arbitration and grievance matters in progress.
- The Fee Waiver for Seniors is an important community Outreach program. Rescinding this policy would impact membership of the Willem Choir, which is composed of approximately 50-60 Seniors.
- At a recent meeting, CUPE Local 4627 constituents elected new members to the Executive.

6.2 Vancouver Community College Faculty Association (VCCFA or FA)

- K. Shortt welcomed new members, thanked departing members and introduced the VCCFA.
- In their view, there is relative stability at VCC. Programs are growing. There are more term instructors. There's still work to be done. Concern continues over policy for ABE students, reduced base funding and the VCCFA strongly encourage the Board to follow up on operational issues with the Assessment Centre.

6.3 Student Union of Vancouver Community College (SUVCC)

No report.

7. COMMITTEE REPORTS

7.1 Human Resources Committee (HRC)

- HRC met on Jun 12, 2018.
- The Committee reviewed and approved the annual Executive Compensation Statement for submission to Post-Secondary Education Council (PSEC).

7.2 Governance Committee (Gov Com)

- No report. A meeting will be held once vacancies on the committee have been filled.

7.3 Finance & Audit Committee (FAC)

- FAC met on Jun 16, 2018.
- No report, other than items being presented for approval at the meeting.

8. FINANCIAL REPORTING

8.1 Financial Performance – Period End Aug 31, 2018

- Year to date, revenue is ahead of budget. Domestic revenue is down for the period and has been offset by higher international revenue. Where domestic enrolment was softer, additional seats were made available to international students. Forecast is on budget for year end.

- Increasing international enrolment has its risks. International tuition revenue is approximately 13%. For risk management purposes and to enhance the experience of our international students, VCC continues to pursue new international partnership opportunities.
- The Board highlighted the fast growing indigenous student demographic and the need for more Outreach programs. It was agreed that there's a critical need and constant opportunity to provide our indigenous community access to VCC's programs. Articulation agreements are being activated to support the growth, but obtaining government funding that would help VCC move at the same pace as the growth, is a challenge.

8.2 Statement of Financial Information (SOFI) – Year End Mar 31, 2018

- The Statement of Financial Information (SOFI) for the year end Mar 31, 2018 was presented to the Board in advance of the meeting.
- FAC approved this item for recommendation to the Board on Sep 19, 2018.

MOTION: THAT, on the recommendation of the Finance and Audit Committee, the Board of Governors approve the Statement of Financial Information, year ended March 31, 2018.
Moved, Seconded & CARRIED (Unanimously)

8.3 Ministry of Advanced Education, Skills & Training (AEST) – Five-Year Capital Plan - Period 2019/20 to 2023/24

- The VCC Five-Year Plan has not changed from what was included in the 2018/2019 Integrated College Plan approved by the Board on Jun 27, 2018. However, the costing information for each project has been updated to reflect current construction costs.
- FAC approved this item for recommendation to the Board on Sept 19, 2018.

MOTION: THAT, on the recommendation of the Finance and Audit Committee, the Board of Governors approve the Five-Year Capital Plan for the period 2019/20 to 2023/24.
Moved, Seconded & CARRIED (Unanimously)

9. PROGRAMS, TUITION & FEES

9.1 New Computer System Technology Diploma

- T. Rowlatt and B. Griffiths presented this item to the Board and responded to questions.
- The development of the new Computer System Technology diploma program creates an opportunity to meet the demand for skilled professionals in information technology.   It's a full time program, open to domestic and international students.
- The College has provided capital funding from 2018/19 budget for developing computer lab space, technology and office space, that's required. New base funding from the Ministry of Advanced Education and Skills Training (AEST) has been received.
- Education Council and Curriculum Committee have reviewed the curriculum. Some adjustments were made to course learning outcomes and evaluation plans to include an emphasis on teamwork and communication. They recommend the implementation of this new program.
- The proposed tuition is comparable to Camosun College, whose program has recently been renewed. To remain competitive, other institutions will likely renew their programs and increase fees. It fully recovers all current direct and indirect costs and results in an 8% net contribution, which is the model that VCC follows. If domestic enrolment is low, it can be back-filled with international students.
- The Board expressed concern that the tuition was high in comparison to the cost of living. In response, it was highlighted that the program is capital intense and in this field, there is continuous need to invest in the technology. The benefit to students is an easy return on their investment, as it's a sector in demand.
- FAC approved this item for recommendation to the Board on Sept 19, 2018.

MOTION: THAT, on the advice of Education Council, the Board of Governors approve the implementation of the Computer Systems Technology Diploma program.
Moved, Seconded & CARRIED (Unanimously)

MOTION: THAT, on the recommendation of the Finance and Audit Committee, the Board of Governors approve tuition of $14,626 for the Computer Systems Technology Diploma, effective September 2019.
Moved, Seconded & CARRIED
Abstained: E. Klis

9.2 New Post-Degree Diploma (Business & Project Management) – International Program

- T. Rowlatt and D. Innes presented this item to the Board and responded to questions.
- With the introduction of the Canadian Business Management (CBM) Post-Degree Diploma program proving to be very successful, in Sept 2019, VCC will launch two cohorts of its second post-degree diploma – Business and Project Management (B&PM).
- The program is designed to offer general business training during the first year, followed by a specialization in Project Management during the second.
- As per the Tuition Policy, international tuition is set and approved by Administration and presented the Board for information. Administration set tuition for this program at $34,320 ($572 per credit), effective Sept 1, 2019. This is same tuition as the CBM program.
- Education Council and Curriculum Committee approved the curriculum and implementation of this new program.

MOTION: THAT, on the advice of Education Council, the Board of Governors approve the implementation of the new Business & Project Management Post-Degree Diploma.
Moved, Seconded & CARRIED (Unanimously)

10. POLICIES

10.1 Revised B.1.3 Expenses & Travel/ Rescind B.1.16 Travel

- The review of Policy B.1.3 has undergone extensive consultation including the Admin Policy Committee, VCC community and Operations Council. It ensures the systematic management of expenses and travel and provides clarification on items eligible for reimbursement, the process under which employees can seek reimbursement and refinement of language related to off campus activities.
- Aspects under B.1.16 Travel Policy have been incorporated, therefore, approval to rescind B.2.16 is recommended.
- The changes to policy & process should reduce the number of petty cash transactions, which is labour intensive.
- FAC approved this item for recommendation to the Board on Sept 19, 2018.

MOTION: THAT, on the recommendation of Finance and Audit Committee, the Board of Governors approve the revised B.1.3 Expenses and Travel policy and procedures and rescinds B.2.16 Travel policy and procedures.
Moved, Seconded & CARRIED (Unanimously)

10.2 New B.1.10 Signing & Spending

- B.1.10 defines levels of signing authorities at the College.
- A Spending Authority report conducted by Grant Thornton was used as a guide throughout the policy development process. Extensive consultation with the Admin Policy Committee, VCC community and Operations Council has taken place.

- FAC approved this item for recommendation to the Board on Sept 19, 2018.

   MOTION: THAT, on the recommendation of the Finance & Audit Committee, the Board of Governors approve the new B.1.10 Signing and Spending Policy and Procedures.

   Moved, Seconded & CARRIED (Unanimously)

10.3 Revised C.1.3 Granting of Credentials

- This policy governs the issuance of credentials by the institution. It was last reviewed in 2016.
- Key changes:
   - Reduce the number of minimum credits for a Certificate credential from 20 credits to 18 credits, increasing the College's flexibility in offering shorter programs that appeal to students.
   - Change the name of the "Citation" credential to "Short Certificate."
- The policy was posted for community feedback, reviewed by EdCo and Education Policy Committee and approved for recommendation to the Board.

   MOTION: THAT, on the advice of Education Council, the Board of Governors approve, in the form presented at this meeting, C.1.3 Granting of Credentials Policy and Procedures.

   Moved, Seconded & CARRIED (Unanimously)

10.4 Rescind D.3.9 Fee Waivers for Seniors

- The purpose of rescinding this policy and procedures is to ensure that business practices reflect changes in the demographics, which includes the growth in the aging population.
- The rationale is that it precludes the College from considering new programs designed for Seniors and VCC would be able to maximize the impact of grant funding, which is reduced year after year. Other institutions have already rescinded similar policies.
- The Administrative Policy Committee reviewed the information and rationale around this policy, as well as the community feedback. Operations Council approved the recommendation to rescind it, with the exception of CUPE Local 4627, who felt that more learning opportunities for Seniors should be offered.
- A large proportion of VCC's Senior students are currently participating in the Willem Choir. M. Kowalski commented that it's a unique program and will be reviewed separately by the Dean of the School. Bursaries with the VCC Foundation are being considered, as well as a 0 credit option.
- The Board are concerned about the impact to VCC's Senior students and requested that this item be tabled, pending further consideration by Senior Executive. A friendly amendment was made to the motion.

   MOTION: THAT the Board of Governors table the item 10.4 Rescind D.3.9 Fee Waiver for Seniors**.**

   Moved, Seconded & CARRIED (Unanimously)

11.   EDUCATION COUNCIL

EdCo Chair, T. Rowlatt, provided a summary of the report in the meeting materials.

12.   PRESENTATION

- As part of a series of presentations by Deans and Directors, Dr. Jane Shin introduced the Student Development portfolio/department.
- The presentation was well received. The Board enquired about counselling support for indigenous students In light of call to action.   J. Shin responded that Student Services is working with the Indigenous Education department at potential gaps in this support service and will be conducting an environmental scan to pursue solution to this.

Assessment Centre Update

- In response to concerns by the Board and constituency groups, J. Shin presented an update on the operations of the Assessment Centre.
- In 2017, the department size was reduced following 1 resignation and 3 voluntary departmental moves. This was a considerable contraction of staff, however, the steady decline in assessment volume allowed the department to maintain levels of service to meet the demand. It also created the opportunity for the department to review its practices.
- Through a recent renewal process the Assessment Centre has implemented new practices to improve the student experience, e.g. expanded booking options to include email and phone, moving reception services to Advising, on-site computers for testing. An online booking tool will be implemented shortly and other initiatives being considered include Pop-up assessment centres, virtual assessments and increasing the range of assessments.
- Currently the Assessment Centre is supported by 1 supervisor and 3 assistants and with the new practices, this meets the current demand.

13.   OTHER BUSINESS

13.1   Board of Governors Correspondence

- Ministry letters of appointment for new members were received on July 17, 2018.

14.   NEXT MEETING

The next Board of Governors Public Board meeting will be held on Nov 28, 2018.

15.   ADJOURN

4. PRESENTATION: STRATEGIC INNOVATION PLAN 2019-28 – IINNOVATING THE FUTURE
- P. Nunoda introduced the Strategic Innovation Plan ("the Plan") to the Board. It spans the period 2018-28 and is titled "Innovating for the Future". It will be introduced to the College community through a series of roadshows led by the P. Nunoda. Consultation on the Plan will involve the Board, constituency groups, the Foundation Board. "Thoughtexchange", a web based engagement tool has been acquired for sharing feedback on initiatives and submitting ideas. Consultation will be completed by Jan 2018 and a draft plan for Board approval presented for approval in May 2018.
- VCC has recovered from a budget deficit and significant challenges.
- For the Plan, strategic principles will be developed with the objective of positioning the college as nimble, resilient and responsive to potential disruptions in the future. It will encompass the Campus Master Plan (CMP) and engagement initiatives. The Board recommend CMP consultation with the campus communities.
- VCC has received advice from Stephen Murgatroyd, an acknowledged expert on change and innovation policy and practice, on preparing for these disruptive forces, which are:

  - **Reduction in Base Government funding.**
    Over recent years, Government funding has been in a steady state, however, with increasing costs, the result is a net reduction in government funding compared to budget.
  - **Change in demographic.**
    Growth in Indigenous Education. Low domestic enrolment has resulted in a growth in International enrolment, as domestic programs are back-filled.
  - **Rapidly changing post-secondary landscape due to advances in technology e.g. online learning and changing needs of its learners.**
    Many students work part time/full time. Increased demand for compressed programs. Flexibility and imaginative ways to deliver current programs are critical for VCC to maintain a position of stability and growth.

- The 5 main objectives for the new Strategic Innovation Plan are:

  - building the campuses of the future
  - building the programs of the future
  - building the college brand
  - building a culture of innovation
  - building and developing a sustainable business model

- The Plan will direct the future of the College and prepare for the anticipated disruptions by maximizing its assets. VCC has a well-deserved reputation for delivering high quality programs in upgrading skills and English as an Additional Language (EAL). However, VCC has other flagship programs; culinary and hospitality, auto service, heavy duty mechanical, health and music.

- The location and physical infrastructure of VCC is unique. The Broadway location will benefit from the transit corridor being developed. For the downtown campus, leveraging its central location and access to transit will be important. This campus offers community services in open, learning environments e.g. JJ's Restaurant, The Bistro, Seiffert's Market and the Salon & Spa. There are partnership opportunities, including more co-location partners. VCC's advising services are easily accessible to the clients of government career advisors the Open Door Group, currently leasing space at the Downtown Campus.
- "Building programs of the future" include the introduction of an Assessment-only Credential. The program would be directed at students with foreign credentials not recognized in Canada and who can demonstrate prior learning in order to gain a credential in their field. Full tuition would be charged, but the student gains their credential expeditiously. This model has its challenges, including costs to develop assessment programs and ensuring students graduate with the required human skills (formerly soft skills) e.g. teamwork, collaboration, interpersonal communication, anticipation skills. These skills are hard to assess and can take time to develop. There's a demand from students for fast qualifications, but employers are also asking "What's the add value to a graduate, besides the credential?"
- Imaginative programs should be considered, but program quality must be maintained. The College reputation cannot be compromised. For foreign credentials, roadblocks exist in the professional vocations e.g. engineer, physician, dentist, because they are externally regulated. For industry vocations, there are assessments and validation processes that are accepted. Adopting some of those, along with recognition of prior learning, is the shortest path to "assessment only" credentials. Pilots are being considered.
- At this time, graduate feedback is available through a government issued survey. VCC has developed Institutional Learning Outcomes (ILOs). The Board will receive an update on this.
- Having a 10 year timeframe, the Plan could be considered radical. What's important is to build in resiliency and agility so the College is prepared for the disruptive forces ahead.
- The Board enquired how can VCC best engage the urban indigenous communities. VCC is actively recruiting in local high schools, which connects with the youth segment, but there's a gap with adult learners. VCC has a strong partnership with the Native Education College (NEC) and they continue to work with each other to build connections with those communities. It is a priority objective for the Indigenous Education & Engagement department.
- Senior Executive have two advisors on this project, one for the business model and the second for the workstream integration. All initiatives are characterized as pilots at this stage.

	NEW ACTIONS	WHO	STATUS	COMMENT
1.	Present pillars of the Plan to the Board, tentatively starting with Building Programs of the Future: the Assessment-only Credential idea on Nov 28 and update on ILO's.	P. Nunoda	Pending	
2.	Distribute presentation slide deck & S. Murgatroyd presentation on Advancing the Future of Colleges.	D. Lucas	Pending

VCC NEWS AND EVENTS

November 2018

Events

- **VCC Convocation** was held on Nov. 20 at the Queen Elizabeth Theatre. Board Chair, Joey Hartman and VCC President Nunoda, Elder Deanna George, Byron Joseph, along with VPs and deans celebrated VCC graduates from the following programs: School of Health Sciences, School of Hospitality, Food Studies & Applied Business, School of Trades, Technology & Design, School of Arts and Sciences, Centre for Continuing Studies and Contract Training, and Division of Library and Teaching & Learning Services.

- **VCC Day** was held on Nov. 6 at the Playhouse Theatre and Downtown Campus for all VCC employees. This is a long-standing tradition at VCC where once a year the college's staff, faculty and administration come together to celebrate our successes and plan for our future. The morning at the Playhouse included; Employee Recognition Award winners, keynote speaker, Kevin Lamoureux. In the afternoon, departments participated in several professional development activities, including the second VCC Dragon's Den.

- **Experience VCC**, VCC's largest recruitment event, was held on Oct. 24. The college provided a trade show style interactive and experiential evening, which included seminars, tours, and representatives from all 120 programs to answer attendee's questions.

- **The Chef's Table** guest chef series featured alumni Jefferson Bueno on Oct. 10 and Danvee Kwok on Nov. 7. Reservations sold out within 24 hours and proceeds went to the VCC Foundation.

- The annual **ShakeOut B.C**. earthquake drill took place at VCC on Oct. 18. For the third year, VCC's School of Health students took part in a full emergency simulation of an earthquake. Student-volunteers were given realistic makeup wounds and were strewn throughout Broadway's building B. The actors did their best impressions of suffering earthquake victims and groups of nursing, dental hygiene and health-unit coordinator students are led from victim to victim to access their condition.

- On October 11, VCC hosted the second annual **President's Research Symposium**. Opening remarks provided by Rick Warner, Nserc-Pacific and special activity, Diversity Circles, led by Shannon Kelly and Zaa Joseph, followed by presentations from VCC Faculty.

- The Native Women's Association of Canada, and VCC Indigenous Education and Community Engagement (IECE) held a vigil **"Sisters in Spirit",** remembering and honouring missing and murdered Indigenous women at the Broadway campus on Oct. 4.

VCC in the News, highlights

- [Bakers obtain their Red Seal—and a possible raise—through Vancouver Community College](#) - Anyone who has watched *The Great British Baking Show* knows how difficult it is to create complicated layer cakes filled with a multitude of ingredients. And that's one reason why the Industry Training Authority B.C. includes bakers in its Red Seal certification program for skilled trades…Those interested in pursuing a career as a baker can become licensed by going through the three-level baking-and-pastry-arts apprentice program at Vancouver Community College. (Georgia Straight, November 14)

- [VCC Continuing Studies creates convenient pathways for aspiring fashion merchandisers and makeup artists](#) (Georgia Straight, November 14) - Vancouver Community College has been delivering career education for more than 50 years, including through its continuing-studies division. In an effort to increase accessibility, it has decided to offer three of its eight courses online for those seeking a fashion-merchandising-associate certificate.

- [Canadian gemmologists turn to drone technology](#) (Jewellery Business, October 26) - A new initiative in Canada's gemmological industry was announced at the Canadian Gemmological Association (CGA) Gem Conference in Vancouver last week. In an exploration focused on Nunavut's Baffin Island, drones will be used to search for sapphire and cobalt spinel….Hawrelko is also a gemmology professor at Vancouver Community College (VCC) and was recognized with an Award for Excellence in Teaching at the conference. The honour was presented by more than 30 B.C. gemmology students and recognized her more than 25 years of teaching experience.

- [Whoopsie Daisy: UBC alum Meghan Buckley talks Vancouver Fashion Week](#) – Vancouver's 18th Fashion Week kicked off in the third week of September with a showcase of both established and up-and-coming designers in a diverse atmosphere. Vancouver Fashion Week (VFW) claims to be the second largest fashion week in North America. Meghan Buckley, whose brand is called *MGHN*, was the opening designer at VFW on September 19. Buckley received her Bachelor of Arts with a major in Psychology at UBC in 2013, before attending design school at Vancouver Community College. (The Ubyssey, September 27)

VCCFA Report to the College Board
Submitted November 20th, 2018 for the Board meeting on November 28th, 2018

Labour Appreciation Award – Our Congratulations to Joey Hartman

Each year the Vancouver and District Labour Council presents the Syd Thompson Community Service award to an individual who has made a significant contribution to the labour movement and the community. This year's award given out at the United Way's Annual Labour Appreciation Dinner on November 21st will be presented to Joey Hartman. Congratulations Joey! We appreciate your life-long work in the labour movement and your continuing work on the VCC College Board.

Bill 36 Repeals Restriction of Faculty Involvement on College Boards

The NDP recently introduced Bill 36 allowing faculty union executive members to sit on their institution's board. Despite opposition from the BC Liberals, Minister of Advanced Education, Skills and Training Melanie Mark held firm. The bill passed after a week of debate and is now in effect. This is a huge victory for faculty in BC. FPSE advocated for this change from the moment the new government came in, and now, thanks to Premier John Horgan and Minister Mark, this unfair, anti-union legislation is off the books. Faculty will no longer be denied professional opportunities because of their union activism, and post-secondary boards will be all the better for hearing their voices.

Provincial Advocacy

Through the Federation of Post-Secondary Educators, we continue to advocate for a more sustainable model of funding for public post-secondary institutions. Over the past year, we have met with the Premier, the Minister of Advanced Education, Skills & Training, the Minister of Social Development & Poverty Reduction, and many other Members of the Legislative Assembly. VCC is currently funded by the Government for only about 54% of its overall costs. The remainder must come from tuition and ancillary services. This decreasing government financial support results in an increasing business model approach by Administration, and an even heavier reliance on student tuition, both domestic and international.

The last comprehensive review of the post-secondary funding situation took place in the early 2000s when block funding replaced formula funding. VCCFA Local 15 of FPSE made a motion at the FPSE AGM in May 2018 to fund a province-wide study of government funding in each of its 19 Locals. This study, tentatively called 'The Scope Document' will look at the diverse needs of each institution – urban, rural, college and university – and the communities they serve. We plan to present and speak to the completed document at all levels of government in order to increase awareness of the overall benefits to society that a strong post-secondary system brings.

TEAL Charitable Foundation – Tears to Smiles Refugee Award Fundraiser Event
("Promoting the teaching and learning of English as an additional language")

Our EAL faculty are very involved in this organization which assists refugees to settle in to the community and to learn English. The VCCFA financial support along with an added donation from the Federation of Post-Secondary Educators resulted in this Fundraising event's first ever Gold Level of Sponsorship.

Youth Futures Education Fund

Young people leaving government foster care will now have access to free tuition at all 25 of BCs public post-secondary institutions. The Youth Futures Kick-Off campaign takes place Friday November 30th. The VCCFA is pleased to contribute to this campaign. We appreciate Board Member Brenda Aynsley's work and reaching out to the VCCFA to participate.

Season's Best

Wishing you a wonderful and peaceful Holiday Season.

Respectfully submitted,
Karen Shortt, President, VCCFA

FINANCIAL PERFORMANCE

Management Discussion & Analysis (MD&A)

For the Six Months Ended September 30, 2018

PERFORMANCE HIGHLIGHTS

2018/19 OPERATING OVERVIEW

Revenue for the period was $53.9 million compared to budget of $52.3 million ($1.6 million above plan) and prior year of $51.1 million ($2.8 million above prior year) (**Table 4**). Domestic revenue is down for the period by $456K compared to budget and has been offset by higher international revenue of $336K (**Table 1, 2 and 3**). In areas where domestic enrolment was softer, additional seats were made available to international students.

The School of Hospitality, Food Studies and Applied Business domestic revenue was $147.2K lower than budget. However, international revenue was up by $144.3K. School of Arts and Sciences was $132.1K higher than the domestic revenue budget. Contract training revenue was $1.1 million above budget.

The School of Trades, Technology and Design domestic revenue was lower than budget by $333.4K, with an increase in international revenue of $139.7K. Combined Skin & Body Therapy and Hair Design had lower domestic revenue of $110.5K, although there was a $54.3K increase in international revenue. Automotive programs domestic revenue was $118.7K lower but this was offset by $79.3K increase in international revenues. Graphic Media Design domestic revenue was $63.5K lower than plan.

Total expenses for the period were $53.6 million compared to budget of $53.7 million ($100K above budget) and prior year of $50.4 million ($3.2 million above prior year).

The surplus for period was $295K compared to a budget loss of $1.4 million ($1.7 million more favourable than budget) and prior year surplus of $662K ($367K less favourable than prior year).

2018/19 YEAR END FORECAST

2018/19 Forecast to Budget Overview

The 2018/19 Forecast (6 months actual + 6 months forecast) in **Table 5** shows that VCC is projecting a breakeven position. Revenue is forecasted to be $113.5 million compared to budget of $111.8 million ($1.7 million above budget) and prior year of $107.4 million ($6.1 million higher than prior year). One of the main reasons is the increase in contract revenue projected to be $1.3 million over budget.

Expenses are forecasted to be $113.5 million compared to budget of $111.8 million ($1.7 million higher than budget) and prior year of $106.6 million ($6.9 million higher than prior year). The main increase in projected expenses is due to higher salaries of $982K (additional hires needed to deliver new programs and higher enrolment), increase in supplies and general expenses of $333K and an increase in agency fees due to higher international student enrolment of $286K.

2018/19 Risk Assessment Update

The 2018/19 Integrated College Plan recognizes that there is risk associated with achieving these plans as well as opportunity. The high level risks and opportunities are identified in the following Risk Register (**Table 7**):

Risk Rating

L	Low
M	Medium
H	High

Risk Register
Table 7:

Risk associated with achieving the 2018/19 Integrated College Plan and budget

Rating	Risk	Mitigation
L	Government budget constraints	• Increase revenue from other sources such as continuing studies, contract training, international students and strategic partnerships
L	Below-target enrolment compared to plan	• On-going monitoring of enrolments by deans, department heads and leadership • Address soft enrolment by target marketing and increase in student recruitment efforts • On-going monitoring of global events and domestic policy to inform decisions that would minimize the impact on International enrolment
L	Decrease in ITA funding	• On-going monitoring of enrolments • Maintain proactive relationship with ITA to ensure any changes in funding formula is known in advance • Ensure program curriculum meets ITA expectations
L	2018/19 financial targets not realized	• Strong emphasis on budgeting process and establishing realistic budgets • Monthly financial review and forecasting • Comprehensive monthly cost analysis

Rating	Risk	Mitigation
		• Reduce manual processes by streamlining, automating and continuous improvement to create efficiencies
L	Faculty Association and CUPE labour relations	• Foster favourable relations with bargaining units
L	Program delivery meeting changing students' expectations	• Monitor engagement of Program Advisor Committees (PACs) • Monitor enrolment reports • Student surveys • Develop an education technology strategy, expand online program delivery, international programming and build flexibility in programs • Keep in regular contact with the Student Union (SUVCC) executive
L	Reputation management	• Develop an internal and external communication strategy
M	Board succession	• Develop a succession plan to address Board skill requirements prior to individual term expiry or resignations and continue to work with the government to find suitable candidates
M	Management succession	• Develop a succession plan for key positions within the college • Continue to provide career development training opportunities and mentoring
M	Government relations	• Significant and sustained outreach to government representatives, in AEST and other Ministries • Ensure there is government awareness of the VCC mandate and priorities
M	IT – Banner 9 Software upgrade	• Steering committee and working group in place • Continually monitor the project milestones
M	IT – Security assessment	• Develop a cyber security plan to address vulnerabilities identified in the security assessment
M	IT – Disaster recovery	• Develop a comprehensive disaster recovery plan

Rating	Risk	Mitigation
		• Migrate more IT functionality to cloud based solutions
M	Emergency response plan - roles and responsibilities clearly defined and communicated	• Update emergency preparedness and response plan and clearly identify roles and responsibilities • Conduct training workshops on emergency response
M	Aging capital infrastructure	• Develop a comprehensive space utilization plan • Develop a long-term plan and strategy to address infrastructure upgrades needed to meet the academic and enrolment plan

Opportunities associated with the 2018/19 Integrated College Plan

	Opportunities	Strategy
M	New revenue generating opportunities	• Identify strategic partnerships with both corporate and not-for-profit organizations that could result in new programming and contract training opportunities
M	Leverage VCC Foundation fundraising to support college initiatives	• In collaboration with VCC Foundation establish fundraising campaign initiatives and set targets • Reinvigorate alumni relations and turn more alumni into donors

DECISION NOTE

PREPARED FOR: Board of Governors Public Meeting

DATE: November 28, 2018

ISSUE: **RECOMMENDATION FOR APPROVAL:**
2% increase in domestic tuition and mandatory fees

BACKGROUND:

The Ministry of Advanced Education, Skills and Training (AEST) has changed their process with respect to the communication of the cap on tuition and mandatory fee increases for existing programs and services. The 2% limit on tuition and mandatory fee increases is now on an ongoing basis. In previous years, we were required to wait for a budget letter that would set out these terms year-by-year. Upon Board approval, this will now enable VCC to open registration for 2019/20 programs much earlier then in the past. This will result in better service for our students.

The Government of British Columbia Tuition Fees Policy can be found at:

https://www2.gov.bc.ca/gov/content/education-training/post-secondary-education/institution-resources-administration/tuition-limit-policy.

In order to offset increased operating costs and to maintain financial stability and sustainability, VCC is recommending that domestic tuition and mandatory fees be increased by 2% in 2019/20.

RECOMMENDED MOTION:

THAT, on the recommendation of the Finance and Audit Committee, the Board of Governors approve the implementation of a 2% increase in domestic tuition and mandatory fees, effective August 1, 2019.

ISSUE: 2% increase in international tuition and mandatory fees

BACKGROUND:

International tuition and mandatory fees do not fall under the Ministry of Advanced Education, Skills and Training (AEST) tuition cap. However, to provide a consistent approach to fee increases for international and domestic students, as well as to offset increased operating costs, VCC is implementing a 2% increase for international tuition and mandatory fees, effective August 1, 2019. It will still price VCC international programs competitvely and maintain financial stability and sustainability.

As per the Tuition Policy, international tuition is set and approved by Administration and presented to the Board for information.

ISSUE: International Tuition Fees for English Language Testing System (IELTS) Prep Course

BACKGROUND:

The Board of Governors approved tuition of $772.50 per course for the IELTS Preparatory Course at the public meeting held on June 27, 2018. At the time international tuition was not considered in the costing calculations due to the fact that domestic students were the primary market for the course. In October there was an international student interested in registering to the IETLS preparatory course, but International Education was unable to provide a tuition fee quote because there was no fee set for international students.

DISCUSSION

The issue was brought up to the Operations Manager for the School of Arts and Sciences and members of the Finance department. Given the time constraints with the student waiting to register, this issue was discussed with the Director, Financial Services and use of base rate per credit for international student was selected as the formula to calculate the international tuition fee for the course.

CONCLUSION:

As per the Tuition Policy, international tuition is set and approved by Administration and presented to the Board for information.

The following tuition was approved by Senior Executive:

$1,670 (3.75 credit times the international base rate at $445.51)

The Finance department has updated the tuition schedule with the international fee and informed Registrar's Office of the addition.

ISSUE: International Tuition Fees for New Computer Systems Technology Diploma

BACKGROUND:

The 2025 BC Labour Market Outlook anticipates 36,000 technology related job openings to 2025 in BC. The industry is expected to expand its workforce at a much faster pace than all industries as a whole over the next few years. The majority of those job openings are a result of industry growth rather than replacement demand. Below is the breakdown of the number of IT jobs openings in BC to 2025:

Occupation	Job opening to 2025	Median wage rate
Computer and Information System Managers	4100	$43.27
Information System analysts and Consultants	9100	$36.06
Computer programmers and interactive media developers	7800	$35.00
Software engineers and designers	4300	$39.42
Web designers and developers	2600	$24.04
Computer engineers (except software engineers and designers	1400	$41.03
Computer network technicians	3800	$27.40
User support technicians	2900	$25.00

"source:https://www.welcomebc.ca/getmedia/84455037-46db-4189-a219-4d8b4eca0841/Report_2025-BC-Labour-Market- Outlook.pdf.aspx"

DISCUSSION:

For over 50 years, Vancouver Community college (VCC) has offered academic and training programs that inspire relevant real-world training and education. Currently, VCC offers 31 diploma programs with 95% of graduates employed. VCC programs have an excellent reputation in the

Lower Mainland, and graduates report the programs are providing a high quality of education and were highly satisfied with their education. Recent fast-facts reports have shown that 93% of students are satisfied with the quality of instruction.

The development of the new Computer System Technology diploma program creates an opportunity to meet the demand for skilled professional in information technology at tuition fee level that is competitive and sustainable.

In recommending tuition for this program, VCC has reviewed the tuition of similar diploma programs at other institutions. Comparable programs charge the following tuition fees:

INSTITUTION	Length	TOTAL
BCIT- Diploma	Two Years	$38,464.12
Okanagan College - Diploma	Two Years	$27,500
Camosun College -Diploma	Two Years	$30,000 + $1350 per work term
Vancouver Island University - Diploma	Two Years	$30,380
Kwantlen Polytechnic University - Diploma	Two Years- 60 credits	$39,498 "$658.30 per credit"

As per the Tuition Policy, international tuition is set and approved by Administration and presented to the Board for information.

The following tuition was approved by Senior Executive:

$39,000 for the two-year Diploma ($398/credit 98 credits)

This would result in a net 11% contribution. This pricing is higher than other older diploma programs offered by several colleges, but similar to the cost of BCIT and Kwantlen, and will help to offset the higher costs of this program.

DECISION NOTE

PREPARED FOR: VCC Board of Governors

DATE: November 28, 2018

ISSUE: **RECOMMENDATION FOR APPROVAL:**
Proposal to contract an upgrade of VCC's wireless infrastructure, through a BCNETSource supply arrangement with Long View Systems at an expected cost of approximately $1.7M over 2 years

BACKGROUND:

All of the wireless infrastructure is outdated, has slow operating speeds, and increasing maintenance issues. The company currently maintaining the infrastructure has been bought out and the new company will not renew the maintenance contract when it comes up for renewal in December 2018. The hardware at both the Broadway and Downtown Campuses needs replacing.

DISCUSSION:

High Level Business Case

For phase I of this project, VCC hopes to enter into a contract in December to replace the existing wireless infrastructure at both campuses at a cost of approximately $700k. Phase I has an approximate duration of 4 weeks. Phase II will be done during FY 19/20 and involves adding additional antenna's to the wireless infrastructure at both campuses at a cost of approximately $1M. Phase II has an approximate duration of 12 weeks.

Both phases of the project will be using restricted Routine Capital funding from the Ministry of Advanced Education (AVED), which $700k has been allocated this fiscal. VCC would be in a position to move forward with Phase II earlier if AVED offers additional funding prior to the end of the current fiscal year.

Proposed Procurement Strategy

VCC is required by its Procurement Policy to first use existing government supply arrangements as the method of procurement unless VCC can show that it could get significant value for money through an alternative procurement method. Since VCC does not believe there are significant savings from using an alternative procurement method, VCC is proposing to use BCNET Source's supply arrangement with Long View Systems to establish a contract for purchasing the wireless networking hardware and software from the manufacturer Aruba.

BENEFITS OF PROCEEDING:

- Complies with Purchasing Policy and offers the best value to VCC.

IMPLICATIONS OF NOT PROCEEDING:

- Increased user frustrations and costly maintenance issues associated with outdated wireless networking infrastructure.
- Running the risk of not being able to supply Wi-Fi to students or staff.

RECOMMENDED MOTION:

THAT, on the recommendation of the Finance and Audit Committee, the Board of Governors authorize VCC to enter into a supply arrangement with Long View Systems to purchase the software and hardware equipment with an expected value of approximately $1.7 million over 2 years**.**

                         Procedures

BACKGROUND:
This policy governs how curriculum is developed and approved at the College. In the last year, the College
has implemented an online curriculum management software program called Courseleaf; curriculum
development and approval is now conducted using this online software.

DISCUSSION:
The change to Courseleaf required some minor and technical revisions to the policy to reflect the move
from fillable Adobe PDF forms. There were no significant changes to the language.

This policy has gone out for community feedback and has been reviewed by the Education Policy
Committee and Education Council.

RECOMMENDATION:
THAT, on the advice of Education Council, the Board of Governors approve, in the form presented at this
meeting, C.3.14 Curriculum Development and Approval Policy and Procedures.

CONTEXT AND PURPOSE

The programs and courses of Vancouver Community College (VCC; the College) make up the curricula (systems of organized learning experiences) through which the College meets the needs of the community for education and training, and maximized student mobility and success. VCC strives to achieve its mission, goals and objectives through the programs and courses it offers.

SCOPE AND LIMITS

This policy applies to all developers of curricula at Vancouver Community College, and establishes the requirements for the development of new curricula, and the revision of existing curricula.

Curricula at VCC falls within the jurisdiction of the Education Council under both its sole powers as well as its advisory role to the Board of Governors.

STATEMENT OF POLICY PRINCIPLES

1. VCC is committed to the establishment and use of systematic practices and procedures for the development of curricula that
   a. engages relevant stakeholders;
   b. is transparent. and
   c. aligns with the College's governance processes.

2. VCC will ensure that all curricula
   a. is consistent with the College's mission, goals, educational priorities and plans;
   b. meets the College's standards of excellence;
   c. is based on community needs;
   d. supports student success; and
   e. promotes responsible use of College resources.

3. Meaningful consultation is critical to ensure high quality curricula and a smooth approval and implementation process.
4. The development of curricula is guided by needs as expressed by the communities served by VCC as well as demand from existing and prospective students.
5. Curricular development is guided by Provincial Ministry guidelines, professional and industry association requirements, accreditation bodies and credentialing policies at

other postsecondary institutions with which the College may wish to articulate.
6. All College curricula is maintained in the Curriculum Inventory Management System (CIMS).

DEFINITIONS

Approval: The process in CIMS whereby the designated individual ("approver") has read and comprehends the information and assumes responsibility for the proposed curriculum. Approvals are what keep the workflow process moving through governance. Each proposal must successfully move through each stage of the approval process before moving forward to the next stage in the process.

Concept Paper: The information that helps conceptualize, plan, and project the outcomes and costs of a new program. It is completed by the Curriculum Developer, Department Leader and Dean/Director in consultation with the Vice President Academic, Vice President Administration & CFO. It includes a Business Case.

> Business Case: Represents the financial case for a new program, and includes expected revenue, tuition and fees. The Business Case falls within the jurisdiction of the Board of Governors as part of its obligation to manage, administer and control the proper, revenue, expenditures, business and affairs of the institution.

Consultation: The process to ensure that in the development of curriculum, deliberate feedback is sought from internal and external stakeholders, and thoughtful feedback is received and considered in a timely manner. Deans/Directors and Department Leaders are responsible for ensuring appropriate consultation takes place.

Curriculum Inventory Management System (CIMS): VCC's online curriculum development and approval system that allows developers to create or edit programs and courses, and electronically submit them into the governance approval process.

Course Form: The outline that contains the essential features of a course, such as: the course name and number, credits, course description, prerequisites, course learning outcomes, instructional strategies, and student evaluation methods.

Curriculum: The planned sequence of instruction for a program or course. Curriculum comprises learning outcomes, teaching and learning methodology, and strategies for assessing and evaluating student learning.

Curriculum Developer: The lead in creating/revising the curriculum for a program or course and the main person preparing the curriculum documentation. This is typically an instructor or Department Leader.

Degree Quality Assessment Board (DQAB): An independent advisory board appointed by the Minister of Advanced Education that oversees the quality assurance process for degree level education in British Columbia.

Governance: A prescribed process that identifies who has the primary and/or advisory

responsibility for select decisions at various stages of the curriculum approval process. The *College and Institute Act* defines the governance bodies at VCC as the Board of Governors and Education Council. The Board Finance and Audit Committee and EDCO's Curriculum Standing Committee are also governance bodies at VCC.

Minor Revision: Changes to curriculum that have limited impact on a course or program. Minor revisions have an expedited path through the governance process.

New Course: A course that has never been offered before at VCC. A new course may be part of an existing program or may be a replacement course that is equivalent to the course it replaces.

New Program: A new credential or significant and extensive changes to a program, where these changes impact the nature or overall direction of a program. Education Council makes the final determination whether proposed changes to an existing program are substantial enough to qualify as a new program.

New Program Implementation Plan: This document is completed during the development of the curriculum for a new program. It contains a series of guiding questions to help identify elements required for the successful implementation of a new program. Many of the questions will help the completion of the Tuition Costing Plan that must be completed with Finance prior to a program being approved. This completed document must be submitted to Curriculum Committee along with the curriculum documents.

Post-secondary Institution Proposal System (PSIPS): A Ministry of Advanced Education process that includes a web-based system designed to manage and support the post-secondary submission and review of degree and non-degree diploma programs, or a certificate that leads to a diploma.

Program Content Guide: The program outline that contains the general description of a program of study, such as: the program name, program purpose, number of credits, program duration, a statement of program learning outcomes, admission requirements, grading system, a list of courses, instructional strategies, information on the evaluation of student learning, and the credential received upon completion of the program.

Standalone Course: A course that is not a part of an existing program.

Effective Date: The month and year the program/course will first be taught after governance approval.

Workflow: The online approval stages in CIMS that are part of the governance process. Workflow varies depending on the type of proposal being put forward, such as a minor change, new program, non-credit Continuing Studies course. The workflow is initiated by the curriculum designer or Department Leader.

GENERAL

1. The design, development, revision, approval, and implementation of programs and courses takes anywhere from one (1) month (for minor revisions) to 18 months, depending on the development type. External approval bodies such as the Degree Quality Assessment Board (DQAB) and the Ministry of Advanced Education and Skills Training may extend these timelines. Deans/Directors and Department Leaders should create an initial timeline using pre-existing meeting dates, length of time for peer review, etc.

2. The Centre for Teaching, Learning and Research (CTLR) supports the design and development of curricula.

3. Once a Concept Paper is approved, a New Program Implementation Plan must be completed and submitted to Curriculum Committee with the program curriculum.

4. Education Council is the final approval body for all new courses and revised curricula per the Resolution of the Board of Governors dated May 29, 2013. The Board of Governors approves all new programs and credentials with advice from Education Council.

5. New programs should be approved at least 9-12 months prior to the planned effective date. New courses and major changes should be approved at least 6 months prior.

CONSULTATION

6. The Department Leader and Dean/Director are required to ensure that there is opportunity for internal and external consultations, allowing stakeholders adequate time to provide their feedback and recommendations.

7. New curricula and changes to existing curricula require a series of consultations to ensure educational quality, and that students are fully supported in their programs.

8. Early and thorough internal consultation helps to identify implementation and operational needs and allows areas like the Registrar's Office and Institutional Research to begin work that will facilitate the process.

9. Where applicable, engaging in external consultations helps to verify that curricula meets the quality standards of academic peers and community stakeholders as well as enhancing existing and developing potential new partnerships and agreements.

10. The amount of consultation required depends on the development type.

11. Faculty within the department must be consulted.

12. It is recommended that group consultations with similar service area representatives be arranged where possible.
13. Curriculum Committee and Education Council have the authority to require further consultations as they see fit.

DEVELOPMENT TYPE

There are four (4) development types:

    a. New Programs;
    b. New Courses and Changes to Programs and Courses;
    c. Minor Revisions to Programs and Courses; and
    d. Non-Credit Courses in Continuing Studies

A. New Program
14. New programs are approved by both the Board of Governors and Education Council.
15. The development of a new program requires full consultation with internal and external stakeholders, and involves additional governance steps to ensure institutional support before significant time and resources are spent developing the full program proposal.

Stage 1 – Approval to Develop
16. A Concept Paper and Business Case are prepared and submitted to the Vice President Academic, Students & Research and the Vice President Administration and CFO for approval.
17. The Dean/Director presents the approved Concept Paper to Education Council for information.
18. The Education Council Chair presents an Information Note to the Board of Governors. If possible, the Dean/Director attends the Board meeting in person to answer questions.

Stage 2 – Program Development and Approval of Curriculum
19. The Curriculum Developer/Department Leader:
    a. works with the CTLR to design and map the curricula, and develop a program evaluation plan
    b. consults with internal and external stakeholders (including Institutional Research (IR) on the FTE divisor),
    c. enters program/course information into the CIMS
    d. completes the Rationale and Consultations section in the CIMS, and uploads the New Program Implementation Plan
    e. starts the workflow process
20. The Dean:
    a. approves the curriculum through the curriculum management system, which automatically sends the information to Curriculum Committee.
    b. in collaboration with the Department Leader, consults with the Vice President Academic, Students & Research and Vice President Administration & CFO to review, revise and complete the New Program Implementation Plan and Business Case.
21. Curriculum Committee reviews the curriculum and New Program Implementation Plan. If possible, both the Curriculum Developer and the Department Leader attend the Curriculum Committee meeting in person to answer questions.
22. Curriculum Committee may:

a. Recommend approval to Education Council;
b. Recommend additional revisions that must be completed and reviewed by the Curriculum Committee Chair before going to Education Council;
c. Recommend significant revisions that are returned to the Department Leader, to be brought back to Curriculum Committee at a subsequent meeting.

23. The Chair of Curriculum Committee presents the recommendation and curriculum to Education Council. If possible, the Department Leader and Curriculum Developer attend the Education Council meeting in person to answer questions.
24. Education Council may:
    a. Approve the curriculum;
    b. Approve the curriculum with additional revisions that must be completed and reviewed by the Curriculum Committee Chair prior to implementation; or
    c. Require significant revisions that are returned to the Department, to be brought back to Curriculum Committee at a subsequent meeting, before returning to Education Council;
25. At the same meeting of Education Council, the Dean presents the final version of the New Program Implementation Plan for information.
26. Education Council makes a recommendation to the Board of Governors regarding implementation.

Stage 3 – Review and Final Approval:

27. The office of the Vice President Academic, Students & Research coordinates submissions to the Ministry of Advanced Education and Skills Training for provincial peer review through PSIPS and/or DQAB.
28. After Education Council's approval, the curricula for most credentials is sent for provincial peer review.
    a. Proposals for diplomas and certificates that ladder into diplomas are posted on PSIPS for thirty (30) days.
    b. Proposals for new degrees are submitted to the Ministry of Advanced Education, Skills & Training for review.
        i. If the mandate is approved, the full program proposal is posted on the PSIPS website and forwarded to DQAB for review.
        ii. DQAB submits their recommendation to the Minister of Advanced Education, Skills & Training for approval.
29. The Vice President Academic, Students & Research reports on the outcome of the provincial peer review process.
    a. If major revisions are required by the peer review, the proposal will return to Stage 2, above.
    b. If no major revisions are required, the proposal will proceed to final approval.
30. The Vice President Academic, Students & Research and the Vice President Administration & CFO submit the final New Program Implementation Plan and Business Case to the Senior Executive and the Board Finance and Audit Committee.
31. The Board Finance and Audit Committee will review and submit a recommendation of tuition fees to the Board of Governors.
32. The Board reviews the proposed New Program, including the recommendations from the Finance and Audit Committee (for tuition fees), Education Council (for implementation) and the Vice President Academic, Students & Research (for due process, i.e. provincial peer review). If possible, the Dean/Director attends the Board meeting in person to answer questions.

33. The Board may:
    a. Approve the fee structure; and/or
    b. Approve implementation of the program; and/or
    c. Based on a budget review, determine a separate timeline for implementation of the program.
    d. Approve the new credential.
34. The Board Chair will forward formal written notification of its decision to the Education Council Office.

B. New Courses and Changes to Programs and Courses

35. Development of new courses and changes to programs and courses require Education Council approval.
36. The Curriculum Developer/Department Leader:
    a. works with the CTLR to design and map the curricula
    b. consults with internal and external stakeholders as needed
    c. enters program/course information into the CIMS
    d. completes the Rationale and Consultations section for programs/courses
    e. starts the workflow process
37. The Dean approves the curricula through the CIMS, which automatically sends the information to Curriculum Committee.
38. Curriculum Committee reviews the curricula. If possible, both the Curriculum Developer and the Department Leader attend the Curriculum Committee meeting in person to answer questions.
39. Curriculum Committee may:
    a. Recommend approval of the curricula to Education Council;
    b. Recommend additional revisions that must be completed and reviewed by the Curriculum Committee Chair before going to Education Council;
    c. Recommend significant revisions that are returned to the Department Leader, to be brought back to Curriculum Committee at a subsequent meeting.
40. The Chair of Curriculum Committee presents the recommendation and curriculum to Education Council. If possible, the Department Leader attends the Education Council meeting in person to answer questions.
41. Education Council may:
    a. Approve the curricula;
    b. Approve the curricula with additional revisions that must be completed and reviewed by the Curriculum Committee Chair prior to implementation; or
    c. Require significant revisions that are returned to the Department, to be brought back to Curriculum Committee at a subsequent meeting, before returning to Education Council.
42. For new stand-alone courses that involve approval of a tuition and fee structure:
    a. The Vice President Administration & CFO submits the Business Case to the Senior Executive and the Board Finance and Audit Committee.
    b. The Board Finance and Audit Committee will make a recommendation to the Board of Governors on the tuition and fee structure, and the Board of Governors will make a decision prior to implementation of the course.
43. If the changes to a program or course have financial requirements (either ongoing or one-time) that are outside the scope of the School's budgetary capabilities:

    a. The Vice President Administration & CFO submits a Business Case to the Board Finance and Audit Committee.

    b. The Board Finance and Audit Committee will make a recommendation to the Board of Governors on the new fee structure, and the Board of Governors will make a decision prior to implementation.

C. <u>Minor Revisions to Programs and Courses</u>

44. Minor revisions require Curriculum Committee approval.
45. The Curriculum Developer/Department Leader:
    a. consults with the CTLR and other internal stakeholders as needed
    b. enters program/course information into the CIMS
    c. completes the Rationale and Consultations section on each form
    d. starts the workflow process
46. The Dean approves the curricula through the curriculum management system, which automatically sends the information to Curriculum Committee.
47. Curriculum Committee reviews the curricula. If possible, both the Curriculum Developer and the Department Leader attend the Curriculum Committee meeting in person to answer questions.
48. Curriculum Committee may:
    a. Approve the curricula;
    b. Approve the curricula with additional minor edits that must be completed and reviewed by the Curriculum Committee Chair prior to implementation; or
    c. Decide the proposal does not qualify as a minor revision and send to Education Council for approval.
49. Education Council may, at any time, request to review any minor revision proposal submitted to and/or approved by Curriculum Committee.

D. <u>Non-Credit Courses in Continuing Studies</u>

50. Non-credit courses taught in Continuing Studies do not require governance approval.
51. All non-credit courses are entered into CIMS and approved by the Continuing Studies Dean.
52. The Education Council Office will maintain a record of all non-credit course outlines. Continuing Studies will present an annual report of non-credit courses to the Education Council on an annual basis.
FINAL REVIEW AND APPROVAL

53. The approval of the Department Leader certifies that:
    a. Thorough consultation has taken place and all stakeholders approve of the proposed new or revised curricula.
    b. The curricula meets institutional standards and the educational needs of students.
54. The approval of the Dean/Director certifies that:
    a. The curricula meets the standards of the College, and all policies and procedures have been adhered to; and
    b. Resources required to offer and support the course/program have been assessed. If additional resources are needed, the Dean/Director has initiated steps to secure the needed resources.

COMMUNICATION OF DECISIONS

55. Following approval of all new and revised curricula and programs a formal resolution is signed by the respective Chair.
56. The signed resolution is forwarded by the Education Council Office to key implementation areas within the College and is posted on the website.
57. The Education Council Office will store an archive copy of all approved curricula in an electronic location that is accessible to all staff.
58. The Registrar's Office will maintain a permanent record of all curriculum documents.

RELATED POLICY

Refer to C.1.4 Curriculum Development and Approval Policy.

ISSUE: Education Council (EdCo) Chair Report to Board of Governors

NEW PROGRAM CONCEPT: GLADUE REPORT WRITING SHORT CERTIFICATE
Continuing Studies and the Indigenous Education & Community Engagement department are proposing a short certificate and certificate in Gladue Report writing.

The incarceration rates of Indigenous people (First Nations, Inuit, Métis, and Non-Status) continue to rise, and that includes an increase in the rate of Indigenous women and youth in the justice system. The circumstances of Indigenous people differ from the broader population because many Indigenous people are victims of systemic and direct discrimination. A Gladue report is a document that is submitted to a Canadian court for consideration when sentencing an offender of Indigenous background under Section 718.2(e) of the Criminal Code of Canada. It describes the context and story of their life.

The Gladue Report Writing Program is designed in response to Section 718.2(e); to prepare students to apply a Gladue approach to plan, organize, write, and present essential information to assist the Canadian criminal justice system in making well-informed decisions with the goal of addressing over-incarceration of First Nations, Métis, Inuit, and Non-Status Peoples.

We anticipate an increase in demand for trained Gladue writers. Indigenous leaders have acknowledged the challenges that Indigenous persons face within the justice system. Documents including the *Truth and Reconciliation Commission of Canada* and the accompanying *94 Calls to Action* and the *United Nations Declaration on the Rights of Indigenous Peoples* aim to hold all Canadian citizens accountable and responsible for fair and equitable treatment of Indigenous peoples.

There are no existing programs teaching Gladue writing. This program has the potential to set a national standard for qualifications, and could grow into a national program that can be accessed anywhere in Canada via a blended delivery model. There is already an active Program Advisory Committee, and Continuing Studies has done a successful pilot of several of the core courses. Funds have been provided for curriculum development the last two years.

Upon completion of the Gladue Report Writing program students will be able to:
- Apply the Gladue approach to write a holistic, individualized, and objective Gladue report that assists the Canadian Criminal Justice System in making well-informed decisions.
- Apply a narrative and trauma-informed approach to gather, analyze, and communicate information for a Gladue Report.

- Identify and describe the legal history and legislation informing Gladue rights.
- Act professionally and ethically as a Gladue Writer.
- Explain the impact of colonialism on Indigenous peoples and their relationship with the Criminal Justice System.

The program is still in development, but they are anticipating a 132 hour short certificate, and then a longer full certificate that would include a significant capstone project. They are planning on multiple delivery formats, including part-time and blended options, with a goal of two cohorts of 20 students per year. The longer-term plans include developing some of the courses in an online format to enable greater accessibility in remote areas, with a main principle being increasing capacity for Indigenous communities and learners.

The Senior Executive has approved the ongoing development of this program. The goal is to launch by September 2019.

NEW PROGRAM CONCEPTS: PROVINCIAL INSTRUCTOR DIPLOMA & EDUCATIONAL LEADERSHIP CERTIFICATE
The Instructor Education department is redesign its existing Provincial Instructor Diploma program (PIDP), and is developing a new Educational Leadership Certificate.

The PIDP supports professionals in becoming instructors in their areas of expertise, most commonly college instructors and trainers in professional, industry, or corporate environments. Students develop the skills to be able to plan, deliver, and assess learning that is active, experiential, and aligned with program outcomes.

VCC manages and delivers the PIDP under a license with the Ministry of Advanced Education, Skills and Training, and is currently the only institution that offers it. Current enrolment is strong, with online course options increasing in popularity. The redesign will add a number of courses to make the program more educational robust while maintaining the flexibility of the offerings. Many of the courses are self-paced and online, allowing students to continue the program within their own schedules.

The Educational Leadership Certificate is designed for instructors or trainers who are planning to undertake a leadership role in their organization. The courses will focus on different learning experiences, ranging from independent research, reflective writing, leadership models and processes, and related project work.

There are a number of competing programs at, among others, UBC, SFU, BCIT, and the Justice Institute. Most of those programs focus at the Masters or Executive level, requiring graduate degrees or higher tuition fees. This program will target mid-career professionals who are planning to enter or are currently in leadership roles in an organization and be a more accessible entry point into educational leadership training. The program will also have any self-paced and online courses, allowing flexibility among participants.

The Senior Executive has approved the ongoing development of these two programs.

FINALIZED INSTITUTIONAL LEARNING OUTCOMES
The College has finalized its Institutional Learning Outcomes (ILOs) and presented them to College employees at VCC Day on November 6, 2018. The ILOs were developed through extensive consultation starting in May 2017 and included feedback from more than 700 people.

ILOs reflect the essential skills, abilities and attitudes that VCC promotes in its programs and culture. The six ILOs are:
1. Communicate effectively
2. Identify a sense of direction
3. Be socially responsible
4. Demonstrate professionalism
5. Think critically and creatively
6. Develop intra-/intercultural awareness

ONLINE LEARNING STRATEGY
A working group attached to the Vice President Academic's office has developed an Online Learning Strategy. Its goals are to enhance student learning through the effective use of online learning environments, increase the amount of online learning at the College, increase innovation and comfort level, and ensure proper support and resourcing. The strategy document is included with this report as Appendix A.

REPORT ON QUALITY ASSURANCE PROCESS AUDIT (QAPA)
The external panel for QAPA is visiting VCC on November 21 and 22, 2018. They will be meeting with members of the academic leadership team, the Education Council chair, members from the Centre for Teaching, Learning and Research, and program faculty from the Bachelor of Science in Nursing, Jewellery and Provincial Instructor Diploma departments. The VCC audit team is led by Jo-Ellen Zakoor, Dean of Health Sciences, and Pervin Fahim, Operations Manager for the School of Health Sciences.

UNIVERSITY TRANSFER SCIENCE AGREEMENT WITH SFU
VCC has signed an agreement with Simon Fraser University between our University Transfer (UT) Science department and their Faculty of Science. The agreement provides VCC students who complete the UT Science Certificate to transfer into the second year of SFU's Bachelor of Science Degree program. VCC students may be awarded up to 34 transfer credits within 9 major areas of study: the required courses are detailed in the agreement. There is also an Assured Admission Pathway: students who have a 2.60 GPA (B-) in the Certificate are guaranteed entry into the SFU Faculty of Science (with some additional requirements). VCC has similar assured admission pathways into SFU for our First-Year Engineering and Computer Sciences certificates.

NAME CHANGE: ESTHETICS CERTIFICATE
The Esthetics certificate has changed its name back to "Esthetics." Historically, the program has been called that, but the name changed to Skin and Body Therapy in 2012, a term more commonly used internationally and thought to be changing in the North American context. The department and Marketing both agree that Esthetics is the term still used and understand by students and the industry. The name change is effective May 2019.

ELECTION OF NEW EDUCATION COUNCIL MEMBERS

Four new members of Education Council were elected with their terms starting in November 2018:

- Dharuv Puri, Student member from Downtown Campus (1 year term)
- Heidi Parisotto, Faculty member for Health Sciences (2 year term)
- Ilyes Belhacene, Student member for Broadway Campus (1 year term)
- Natasha Mandryk, Faculty member for Arts & Sciences (2 year term)

THANK YOU

My term as Chair of Education Council ends in December 2018, so this is likely my last meeting as a member of the Board of Governors. It has been an incredible honour and privilege to serve the College community in this role for the last four years, and I would like to thank the current and past Board members for their engagement and dedication.

VCC Online Learning Strategy

APPENDIX A

INTRODUCTION

The creation of a VCC Online Strategy Plan was a objective identified by the Learning Management System (LMS) project team. The LMS project team assessed the state of online learning and of Moodle at the college between January 2016 and February 2018.

The major outcomes of the LMS project team were three fold:

1) A decision to retain Moodle as our LMS for the foreseeable future
2) Assign additional resources to support online learning
3) Appoint a small working group to develop an Online Learning Strategy

Throughout this document, "online" refers to the whole spectrum of how online learning is implemented, including blended, web-based instruction, web-conferencing, flipped, fully online, hybrid or mixed-mode delivery of programs and courses..

CURRENT STATE

VCC is committed to Moodle as our learning management system (LMS). We had a year long conversation that identified current state, LMS platform, and gaps.

VCC has no formal policies or standards with regard to online learning.

Online environment is underutilized due to lack of skills and knowledge. A growing number of faculty are interested in developing online courses and programs.

Most faculty are using Moodle as a resource repository. As of 2016, 27.5% of responders to the DL Support Survey are using Moodle as either a blended or a fully online platform for their courses.

All faculty and student training in Moodle is voluntary. Faculty training in online learning design and instruction/facilitation is voluntary.

There are insufficient resources to support users and developers. There are insufficient resources in IT to support and administer Moodle at the network and server level.

The growth of online learning and related technologies at VCC has been driven by individuals and departments; not driven by the college.

VALUES

- Quality
- Flexibility
- Relevance
- Accessibility
- Sustainability
- Scalability (creating a framework that supports growth)

DRIVERS

Why develop an online learning strategy at VCC? The points below identify the key reasons and driving forces for focusing on online learning development at the college.

- Provide greater accessibility and flexibility to education in the community knowing that a large percentage of our learners are working, have families and prior education.
- Maintain a competitive edge over other public and private post-secondary institutions
- Leverage our niche (e.g. diverse/interconnected programming, PIDP, expertise in teaching students with disabilities, etc.)
- Enhance student experience
- Anticipate and meet changing expectations of students
- Be recognized as leaders in online learning

GOALS

The goals below describe our desired future state as a result of the implementation of this online learning strategy.

- Increase and maintain enrolment at the college
- Have a strong reputation for online learning
- Benefit and enhance student learning at VCC within an online environment and use of education technology
- Adequately resource online learning support to achieve objectives
- Be consistent across the college in online course design (look and functionality)
- Greater utilization of Moodle beyond that of a repository
- Drive culture change in regard to online learning at VCC
- Increase proportion of faculty and staff proficient with the delivery of online programming
- Innovate by integrating emerging technologies with modern pedagogy

OBJECTIVES

A number of key objectives have been identified in order to achieve the goals listed above. These objectives focus on priorities for the next 1-3 years and assumes further development of the online learning strategy objectives in future.

I. TRAINING & DEVELOPMENT
- Have an online teaching readiness self-evaluation checklist
- Develop a suite of training options (from computer lab sessions to online resources/training or something that combines these)
- Incentivized training for faculty in the use of Moodle (similar to PIDP and hiring/step placement)
- Institution-wide (coordinated) process for training in online course design and instruction/facilitation

- Support for ongoing professional development for online course and program development and delivery (i.e. community of practice, continuation of Moodle Mini-Moot and promotion of Moodle MOOC; continue to encourage taking advantage of external Moodle training opportunities,)
- Have an online teaching self-reflection tool (identifies challenges experienced during delivery of course)

II. RESOURCES & SUPPORT (INFRASTRUCTURE, HIRING, FUNDING)
- Adequate staffing and resources to support Moodle users
- Adequate IT infrastructure to support online course delivery
- Add an Online Instructional Designer at the college
- Add Moodle support into the job description of support staff
- Video hosting service e.g. Kaltura
- Media and video development studio with adequate equipment and support skills
- Web conferencing software e.g. Blackboard Collaborate
- Process and resources for additional integrated online ancillary educational technology (e.g. Ally, e-portfolio, MyLab, lockdown browser, lecture capture, Moodle plug-ins)
- Funding programs for online course development (e.g. CD Fund for online only)
- Support of the library for copyright information and for accessing and integrating library resources
- Cultivate a community of practice for online practitioners (developers, Moodle administrators, and instructors)
- Create an inventory map (like VIU) of tools available to VCC employees (and level of support) https://vccca-my.sharepoint.com/:i:/g/personal/asellwood_vcc_ca/EdYg70bmgiZOiDCeoyK-KuoBqtMkF0mtJLovGjW1KB052A?e=vmJlrD

III. QUALITY ASSURANCE
- Require that faculty use a specific quality assurance checklist for online courses and programs as part of curriculum development process
- All online courses or programs use student feedback mechanism
- All online courses will include course evaluations (specific questions for courses and programs for formal and informal student surveys)
- Instructor appraisal/evaluation mechanism for online learning

IV. ONLINE LEARNING DEVELOPMENT PROCESS
- Best practices followed for online course and program development that builds on standard curriculum development practices, but takes into account additional considerations such as media development, copyright, online facilitation principles, etc.
- Each department will develop an online learning plan as part of the integrated college plan (develop job aid or have facilitators assist with the development)

3

- Develop a departmental readiness checklist or self-evaluation to support their online learning plan

V. POLICY & GOVERNANCE

- Policies and procedures for the online learning environment (Moodle administration such as retention and deletion of course shells, guest access, approval of creation of new shells, etc.)
- Education Council guidelines and governance for the development and instruction of online learning, parallel or similar to, standard curriculum proposals

Implementation Plan
Year 1 (April 2018 to March 2019)

Year 1 will be mostly focused on planning, decision making, and identifying required resources.

Action	Key Personnel
Hire Manager Online Strategy and Design	Shirley Lew
Identify required software, tools and space to support online course development (media hosting service, webcasting, video production, exam lockdown software)	John Love, Blair Friesen, Norman Chang, Peter Gregorowicz, Shirley Lew, Manager Online Strategy and Design
Integrate online and blended quality considerations into EdCo policy and procedures (connected to training strategy below)	EdCo Chair, VP Academic, Shirley Lew, IAs, eLearning Support, Manager Online Strategy and Design
Create training strategy for faculty and staff who want to develop and/or deliver online and blended courses (includes orientation, online teaching self-evaluation checklist, training path, all levels of Moodle training, taking the ONEL or FLO etc...)	eLearning support, IAs, Manager Online Strategy and Design, SIE, VP Academic
Create online and blended course development process (connected to training strategy above)	Manager Online Strategy and Design, IAs, eLearning Support

4

Establish dialogue with HR, VCCFA, and CUPE around online learning towards successful implementation of Online Learning Strategy	VP Academic, Shirley Lew
Consult with IT to ensure adequate IT infrastructure to support online learning	Norman Chang, Lawrence Ng, John Love, Blair Friesen, Rick Smith
Develop a process for evaluating and deciding on software and plug-ins that integrate with Moodle	Manager Online Strategy and Design, eLearning Support, Norman Chang, Lawrence Ng

COMMUNICATION AND FEEDBACK

The strategy will be shared with relevant stakeholder groups for their information and feedback:

- Senior Executive
- Systems and Technology Executive Coordinating Group
- Education Council
- CUPE, VCCFA and SUVCC

The intention is also to post the document for community feedback through the same communication mechanisms used for college policies and that was use for the Institutional Learning Outcomes.

CTLR will gather and summarize the feedback received. The writing working group and critical friends will meet to consider the feedback received for incorporating into the strategy.
